

Developed For Business

Redefined **By You**

Designed and built for business. From day one & beyond.

When office tasks increase in scale, so should the ability of your productivity devices to meet and exceed expectations in the business environment. You can rely on the flexibility of our latest colour laser printers and simply add optional Brother supplies and accessories to increase print volume and other requirements for your business.

Seamless 2-sided scanning

7.0" Large Intuitive Colour screen

High Multi Purpose Tray For different size prints such as letter print and more

High Volume Input Tray

Optional Paper Input Tower Tray

Enhanced Features

Secure Function Lock 3.0 to manage individual/group usage

NFC Card Communications (NFC) card reader for access of device with assurance

IPSec encryption to protect communication over Internet Protocol (IP)

*Approximate page yield in accordance with ISO/IEC19798 (Letter/A4) and dependant on choice of toner ^Applicable only for Super High Yield mono toner model number TN861XXLBK

Efficiency Energised By Industry Standard Security & Solutions

Output Security

Built-in Near Field Communications (NFC) Card Reader

Access to printer functions with 'tap to unlock' card usage

Secure Function Lock 3.0

Exercise greater administrator control over printer functions for individuals/groups

Active Directory or LDAP-supported

Management of device access & usage on Microsoft Active Directory or LDAP server

Network Security

IP Security (IPsec)

End-to-end print job encryption from users' computers to printers

G

802.1x Compatible

Protected enterprise authentication for secure network access into wired or wireless LANs

Secure Print

Printing of confidential or sensitive documents only upon entry of valid PIN

Cloud Secure Print

Send print jobs wirelessly to remote printers over the Internet without need for printer driver

Setting Lock

Restrict access to device settings to prevent unauthorised usage

Scan to SFTP Complete security for safe document scanning to a network destination

SSL
L L L
SECURE

Secure Socket Layer (SSL)

Protect data from being read by unauthorised users when sending through wired or wireless network

Light Solutions

FREE

BRAdmin Professional 4

Fleet management tool for configuring and real-time monitoring of network-connected devices

Barcode Utility

Automatically streamline filing of scanned documents into correct folders using barcodes

Secure Print+

Print from any printer within network with just an NFC card tap

Order Supplies

One-touch button reordering service for toners/drums

Advance Secure Print

Print your document from any printer connected to your network using PIN or with a tap of an authourised NFC card

Request Help

Easy one-touch button request for technical support or service

Custom UI, Barcode Utility and Secure Print+ are chargeable options requiring license activation, please contact us for more information.
