Label socket outlets,  
network points and faceplates

**Sequential numbering**  
Print labels consisting of a  
sequence of numbers or letters

**200 built-in symbols**  
Include common electrical,  
datacom, AV, security  
and safety symbols

## TZe laminated labels – designed to last

Brother's TZe laminated tapes consist of six layers of materials, resulting in a thin yet extremely strong label. The direct thermal transfer ink is sandwiched between two protective layers of PET (polyester film) which protects the text against the effects of liquids, abrasion, temperature, chemicals, and sunlight. As the labels are tested to the extreme, professional quality labels have been designed to last.

# Specification

## Hardware features

---

16-character Graphical LCD with real print preview

AD-24ES-01 AC Power adapter (included)

6 pcs of AAA Alkaline batteries (LR03) - (not included), 6pcs of AAA Ni-MH Rechargeable batteries (HR03) - (not included)

QWERTY keyboard with dedicated numeric keypad

## Label printing

---

Print on 3.5, 6, 9, 12mm labels width

Print up to 2 lines

Maximum print height of 9mm

Maximum label length of 300mm

180dpi print resolution

20mm per second fast print speed

Manual cutter

## Label design

---

Dedicated functions for Cable Wrap, Cable Flag, Face Plate and Sequential numbering

10 font styles, 3 character sizes and 3 character widths

200 symbols including electrical, security, audio/video, and safety symbols

Frames around labels

9 programmable memory

Automatic sequential numbering for fast printing of identification numbers

Print up to 9 copies

## Dimension and Weight

---

111mm (W) x 58mm (D) x 204mm (H), 400g

## Package content

---

PT-E110 Label Printer

AD-24ES-01 AC Power adapter

TZe-FX221 9mm Black on White Flexible-ID tape, (8m long)

Hard carrying case

User guide

## Tape types supported

---

TZe tapes: 3.5, 6, 9, 12mm

## Optional accessory

---

TC-4 tape cutter
