### Compact design

Ergonomic and user-friendly design

### Cable marking feature

Identify equipment by labelling cables

### 15 frames

Personalise labels by adding a decorative frame

### Over 250 symbols

Emphase on messages

## TZe laminated labels - designed to last

Brother's TZe laminated tapes consist of six layers of materials, resulting in a thin yet extremely strong label. The direct thermal transfer ink is sandwiched between two protective layers of PET (polyester film) which protects the text against the effects of liquids, abrasion, temperature, chemicals, and sunlight. As the labels are tested to the extreme, professional quality labels have been designed to last.

Laminated

Temperature Resistant

Water Resistant

Fade Resistant

Abrasion Resistant

Chemical Resistant

Easy Peel

Strong Adhesion

# Clearly identify items with a durable TZe laminated label

Around the home, offices, schools, shops and other places of work, there are many label applications usage for the long-lasting and durable TZe laminated labels.
