

Customer: New Corps Australia  
Country: Australia  
Model number: QL-820NWB

## The Customer

As Australia's number one media company, News Corp Australia is part of the world's largest and leading global media and information service.

Each month, more than 16 million Australians consume news and information across their suite of digital and traditional print products, more than any other media group in Australia.

## The Solution

Sine has integrated their visitors and contractors management services with Brother's QL-820NWB label printers across all News Corp corporate, logistics and operational assets in Australia.

"What a fantastic product that has completely transformed the way we manage our visitors and contractors.", said Trudi, WHS Senior Manager, News Corp Australia.
